

## Make the most of your day at the COMPASS events with an **informal interview room** as part of your exhibition stand

As a part of our service, COMPASS offers all exhibitors the opportunity to book an **informal interview room with their stand.**

These rooms provide a space for exhibitors to have informal conversations with candidates about their potential within a company or organisation.

Interview rooms are included in the price of the stand and are fronted with a perspex panel that enables exhibition visitors to view and participate in the recruitment process.

### Potential interviewees:

Benefit from further informal discussion with the 5,652 quality visitors who attend the COMPASS events.

- ▶ **2867** were qualified social workers, more than 50% of the total visitors
- ▶ **803** were in senior positions, including senior practitioners and team managers and AMHPs
- ▶ **336** were care workers

## Benefits include:

- ▶ Speeding up the process of drawing up a short-list of candidates for interview, allowing you to progress to formal interviews quicker and hire sooner
- ▶ To be seen interviewing candidates during the events draws potential employees to your stand, increasing the pool of those you may choose to have an informal discussion with. In this way, the stand and interview room work together to ensure that you have a successful day of recruiting
- ▶ Identifying the best candidates on-the-spot
- ▶ The opportunity to gather more information about a candidate's experience and what the candidate is looking for in a career with your organisation
- ▶ Making the most of meeting candidates and discussing opportunities face-to-face, creating a good impression for their future career move

## What a previous exhibitor has to say...

The most successful aspect of our day at COMPSASS Jobs Fair was being able to do screening interviews. This helped tremendously and we will be using those screening interviews as part of the short-listing process before inviting candidates in for a formal interview by next week.
