In Children's Services, we want every child and young person in Central Bedfordshire to have a safe and happy childhood. Which is why we'll help you find your greatness, giving you fewer cases so you can spend more time with the children you are responsible for.

Social Work in Central Bedfordshire Council is really transforming with relationship-based work being our priority. We really look after our staff as evidenced by us winning 'Best Social Work Employer' at the Social Worker of the Year Awards 2017.

When you combine this with our 2017 'Good' Ofsted rating, excellent management support, training and development, you'll contribute to an excellent service and share our ambition and improve children's lives.
