

Make Hertfordshire your place of opportunity

Home to over a million people, Hertfordshire is full of opportunities. We want everyone in our county – whether they are young or old, living independently or supported – to have healthy, fulfilling lives in thriving, prosperous communities. As a specialist in social work or social care, you'll help to make that happen and you can benefit from it too.

At Hertfordshire County Council, we do everything we can to increase your professional value. We've built experienced and stable management teams to ensure clear direction and high-quality supervision. Furthermore, we offer a structured career programme to help you develop right up to management and leadership level.

In short, we provide the best environment for you to invest in your own skills and abilities. Whether it's through training and development, or taking more time off to relax and escape from it all – everything you do adds to your value as a professional. Hertfordshire isn't just a great place to work, it's a great place to live.

Although you're less than an hour from London, you'd never know it. While we have plenty of busy town centres, with great shopping, leisure and entertainment facilities, Hertfordshire's beautiful countryside and peaceful rural villages are never far away.

Our teams are constantly expanding and we have a variety of challenging and exciting opportunities.

Working with Adults

We care for elderly, disabled and vulnerable members of the community, enabling them to live independently in their own homes. We're focused on improving the quality of life for everyone who uses our services and keeping vulnerable people safe from harm or abuse. You could join us as a Qualified Social Worker, Occupational Therapist, Advanced Practitioner, Deputy Team Manager or Team Manager in one of the following teams: Community & Learning Disabilities Team, Older People & Physical Disability Team, Sensory Services and Hospital Teams.

Working with Children and Families

We're proud of our innovative, multi-agency practice which has won us a number of prestigious awards and national recognition for good practice. You can join us in our Safeguarding & Specialist Services (Assessment, Family Safeguarding, Children Looked After, Adoption & Fostering, Disabled Children, Residential) or Education and Early Intervention teams.

We have opportunities at all levels including Child Care Workers, Qualified Social Workers, Senior Practitioners, Consultant Social Workers, Team Managers, Service Managers, Educational Psychologists and Youth Workers. We also offer comprehensive training to newly Qualified Social Workers through a structured programme of induction and supported practice skills.
