

Mastering your future

Postgraduate Studies at Bucks New University

Undertaking a master's degree programme enables you to invest in your future. As well as boosting your educational knowledge, it will enhance your employability making you stand out from the crowd in a time of global economic uncertainty.

Being able to fully immerse yourself in a subject matter that you are passionate about could open a world of new opportunities, and what better way of doing so than undertaking one of our innovative, part-time and flexible master's degree programmes, starting in September 2012.

- MA Leadership and Management in the Public Sector
- MSc Child and Adolescent Studies
- MSc Child Protection and Adult Safeguarding
- MSc Cognitive Behavioural Therapy
- MSc Community Psychology
- MSc Health, Exercise and Wellbeing
- MSc Social Work (full-time only)

Find the right programme for you and your colleagues by contacting us on **01494 603 171**, email ask@bucks.ac.uk
