

# David Niven Associates

*...more than your average training company*

- **Quality of Trainers**

The vast experience of our 20+ Associates with backgrounds in social work, law enforcement, education and health allow us to design and deliver an extensive range of top-quality courses.

- **Dynamic approach**

We thrive on creating innovative bespoke courses, tailored to individual needs. Talk to us about creating courses as well as commissioning existing ones.

- **Excellent reputation**

All our feedback has been positive and we are happy for you to talk to any of our previous clients.

- **Value for money**

Considering the quality of Associates that we have and the expertise they have accumulated, you might think we would be very expensive. But we're not. We provide top quality training, for reasonable prices.
