

# Help us to make a difference

Join us at Wolverhampton City Council on a journey to improve the lives of our most vulnerable children, young people and adults in the City.

The work both our adult social care and children and family support services provide is challenging and rewarding. Everyone who works within our social care teams plays a role in making a difference to the lives of Wolverhampton's children, young people, adults and their families.

We believe that our citizens are to grow up in safe, caring environments either in their own families or where this is not possible in the best possible alternative. Everyone deserves the opportunity to live and achieve to their full potential. To ensure this, we are constantly looking at how we deliver services and how we do things to make sure they fully meet the needs of our citizens with whom we work with.

We provide a wide range of support and services to our citizens. We work with other organisations such as schools, health, doctors (GPs, hospital, nurses), housing, the police and voluntary organisations to provide services.

We are always looking for the right staff to join our teams. All of our jobs are available on [www.wmjobs.co.uk](http://www.wmjobs.co.uk) where you can register and apply on line. You can also sign up for job alerts.

For more information on recruitment you can call our Human Resource Team on 01902 552345 or email [HRresourcing@wolverhampton.gov.uk](mailto:HRresourcing@wolverhampton.gov.uk).

**We have strong ambitions for the future, so come and be part of our success and make a difference to the lives of our children, young people, adults and their families.**
