

Questions & Answers with our Playroom Leader

- ◆ What is your role at Dudley Lodge and how long have you worked there? Do you have a particular highlight moment in that time?

I have worked at Dudley Lodge for just over 3 years. I started my time at Dudley Lodge as a Family Assessment Worker, then moved onto a Senior Family Assessment Worker and in the last 9 months took on a new Role as Play Room Leader.

A high light for me is watching the change that can be made with families, when they learn new things and make positive changes.

- ◆ What 3 words would you use to describe your role and why?

Challenging – things can change very quickly, and things can be really fast pace at times. Being on the ball is a must.

Rewarding – making a difference with families and knowing that they have made positive changes is really rewarding.

Different – no day is the same and doing this job is nothing like any job that I have done before.

- ◆ What advice would you give to new starters at Dudley Lodge?

Ask Questions, Ask lots of questions. No question is a silly question.

- ◆ What do you enjoy most about working at Dudley Lodge?

I enjoy that every day is different, and I learn something new every day. Working as part of the team is also enjoyable, being able to share experiences and give each other support and advice.
